EXECUTIVE SUMMARY

Detail-oriented and creative UI/UX designer in training, currently pursuing a BSc in Information Technology. Skilled at blending design thinking with technical foundations to create intuitive, user-centered digital experiences. Experienced in both independent design work and collaborating with development teams. Passionate about using design to solve real-world problems and improve user journeys, with a background in programming and system design.

PROFESSIONAL EXPERIENCE

Apis Nexus
Apr-Jun 2025

JUNIOR UI/UX DESIGNER

- Designed a mobile bee farming auditing app from concept to clickable prototype.
- Conducted stakeholder research and designed intuitive user flows, wireframes and interactive Figma prototypes.
- Established a small-scale design system to ensure consistent UI patterns across the app
- Collaborated directly with the development team to align design and implementation

Calisto Networks
Jan-Mar 2025

NETWORK TECHNICIAN

- Maintained and updated client documentation across IT services.
- Installed and configured software on client workstations.
- Assisted with onboarding by setting up and troubleshooting new machines.

TECHNICAL SKILLS

Figma

HTML & CSS

Adobe XD
